

Mobile Workstation

For Touchscreen Computers

Take your Workstation on Wheels with you!

A lightweight, versatile Mobile Workstation built for healthcare professionals in mind. When paired with a CarisTouch Mobile Touchscreen Computer, it's the perfect tool to ensure real-time documentation to your EHR at the point of care.

 **RxChange™**
Hot Swappable Battery System

RxChange Hot Swappable Battery System is specifically designed to be used with the following Pioneer Products:

Mobile AIO Models: CT15M, CT18M, CT22M, CT24M

WoW - The Ultimate Tool for Mobility!

Eliminate Safety Concerns

The CarisTouch Touchscreen Computer is battery operated and provides power for a full 8-hour shift offering uninterrupted workflow for care providers. No cords hanging down or technology plugged in to charge eliminates dangerous tripping hazards, keeping your staff and your residents safe from falls.

Ergonomic and Adjustable

The Mobile Workstation is slim and lightweight allowing for easy one-handed mobility. The workstation and the touchscreen computer can be adjusted up to a height of 19" for optimal viewing. Additional accessories are available to customize for your caregiver's working needs.

Small Footprint

The compact base system consists of 4 wheels (2 front locking) designed to remove the possibility of tipping over. The cart is compact for ease of storage and is ideal to provide you with enough working space to allow you access to your EHR or EMAR while on the go!
